

NAF BREATHING

	<p>Five Star Respirator 1KG – 2.5KG</p> <p>Provides valuable nutritional support to the respiratory mucosal immune system and the delicate capillary blood vessels that surround the lungs. Contains a high concentration of orthoprocyanadins, a particularly potent form of antioxidant. Recommended for horses with hypersensitivities to external airborne irritants such as dust, spores, mould, pollen.</p>
	<p>Five Star Respirator Boost 500ML-1LTR –2LTR</p> <p>When speed counts, powerful Respirator Boost provides the ultimate blend of nutrients to support respiratory immunity and clear the way for optimum lung function.</p>
	<p>Easy Breathing 1KG</p> <p>A comprehensive blend of herbs specifically chosen for their beneficial effects on lung tissue integrity. Must be fed regularly over a prolonged period, due to the cumulative effects of herbs.</p>
	<p>Easy Breathing Liquid 1LTR</p> <p>Similar herbal combination to Easy Breathing in a liquid form. Easily absorbed so may be of particular benefit to older horses with compromised digestion.</p>
	<p>Kof Eze500ML</p> <p>A soothing syrup of peppermint and teatree oil.</p>
